

Cheesecake

My grandmother's birthday was in May, so I made cheesecake. The reason why I made it was that she liked cheesecake. I got the recipe on the Internet, but it was difficult to make by myself. I asked my mother to help me. Then I delivered it. My grandmother was so happy and I was happy, too. After she ate it, she mailed me saying that it was as delicious as the cake shop. I wanted to try to make other cakes.
